Information about me :

I was born in Chambéry on 17th August 1992. Between 1992 and 2000 I lived in Cognin and I went to Forgerie's school. But before the start of the new school year, in 2000, my parents changed and we moved school. Our new school was in Les Marches. This village became our village in October, when we moved. I always miss Cognin, because during the first years, Les Marches was, in comparison with Cognin, the worst years in my life. But after, it became like before, nice.

My future :

I wish to become a teacher. I've always wanted to become a teacher. It's my first ambition but not my only one. If it's possible, I would like to continue my career like head teacher, it will be satisfaction and success. Out of school I'll be able to practice sports and all my favourite hobbies. To finish, I would like to be a town councillor to improve the quality of people's life

My Hobbies :

Sports constitute the healthiest activities for the body. So I practice and will practice sports in my future. Actually, I practice badminton with sports association of Granier and I will try tea kendo on Mondays and on Wednesdays, this year. During the week-end it's not rare that I go to do climbing, hiking, skiing, ... I can't bear sports like football, basketball, ... Indeed I find these sports, uninteresting and repetitive.

My Tastes :

I'm fond of fantastic novels like the Lord of the Rings, Eragon, ...

Favourite Films

My favourite movie is The Titanic because I think this film is really well made and the story is really emotional. Otherwise I love movies and cartoons when there is action. I love horror movies but I only enjoy watching them when I'm with friends.

Favourite Music

I like all kinds of music. That's why I'm not fond of a particular singer or group. That doesn't prevent me from having preferences. In any case I love listening to the latest music.

My Hobbies :

I'm crazy about dancing because it's one of my passions. I also love cooking. I cook any kind of dish or dessert. I enjoy walking with my family in the mountains and in the forest. But what I prefer most is to party with the people I love.

Favourite Film:

On the one hand I like films which are funny and where you can laugh aloud like Nemo. But on the other hand I also love films which are gripping and where you don't know what happens next until the end. I talk about films like "Sakrileg".

But the movies I love the most are these which contain a love story. Usually, I waste a whole package of handkerchiefs because I really fast get emotional when I watch films like "PS: I love you". Films I don't like to watch are those which have a scary plot and where a lot of blood flows. That's disgusting!

Favourite Music:

I think my taste in music is very varied. I listen to music which has a fast beat therefore House music. But I also like to listen to relaxing music or love songs. That depends on my daily mood. If I'm in a bad mood or even aggressive I listen to rock music which calms me down. When I'm jogging my MP3-Player plays "Techno" because with this fast beat it's easier for me to keep on running even if I'm exhausted. So all in all I can say I'm open-minded towards a lot of kinds of music. I don't really hate any special kind of music.

Hobbies:

In my spare time I regularly go to dance in an association. It's the "jazz & modern dance" I practise but now I also want to try to do "hip hop".

Of course, I love to do shopping in the city. It's a big pleasure for me to buy clothes or shoes. But I'm female so it's all fine and right to spend my money on clothes. I also like to party or go to the cinema with my friends. But in sum you can say I love to do all kinds of things which I can do with my friends. In the holidays I love to travel around the world and learn more about other cultures and discover other places on earth. Anytime I want to travel to Australia and I would love to visit the kangaroos and koalas.

More about me:

It's difficult to estimate yourself but I think I'm a person who's helpful, friendly and uncomplicated. But sometimes I'm very impatient and I can get also very pig-headed. I don't smoke and I hate to freeze. But I love to build snowmen in winter. I'm superstitious and I'm addicted to Ben & Jerry's ice cream. I'm also crazy about driving roller coasters but I really hate candy-floss.
